6. (1) The ministerial officers of the Court of Small Causes shall, in addition to any duties mentioned in this Law or in any other enactment for the time being in force as duties which are or may be imposed on any of them, discharge such duties of a ministerial nature as the Judge may from time to time direct.

(2) The Agent to the Governor General in Central India may from time to time make rules consistent with this Law, and with any other enactment for the time being in force, conferring and imposing on the ministerial officers of the Court of Small Causes such powers and duties as he may think fit, and prescribing the mode in which powers and duties so conferred and imposed are to be exercised and performed.

CHAPTER III.

JURISDICTION OF THE COURT OF SMALL CAUSES.

7. (1) The Court of Small Causes shall not take cognizance of the suits specified (as being excepted from the cognizance of a Court of Small Causes) in the second schedule to the provincial Small Cause Courts Act, 1887.

Provided that an applicant for an order to set aside a decree passed *ex parte* or for a review of judgment shall, at the time of presenting his application, either deposit in the Court the amount due from him under the decree or in pursuance of the judgment, or give security to the satisfaction of the Court for the performance of the decree or compliance with the judgment, as the Court may direct.

(2) Where any person has become liable as surety under the proviso to sub-section (1), the security may be realized in manner provided by section 253 of the Code.

9. When the Judge of the Court of Small Causes is absent, the chief ministerial officer of the Court may exercise from time to time the power which the Court possesses of adjourning the hearing of any suit or other proceeding, and fix a day for the further hearing thereof.

10. (1) Notwithstanding anything in the foregoing provisions of this Law, when the right of a plaintiff and the relief claimed by him in the Court of Small Causes depend upon the proof or disproof of a title to immoveable property or other title which the Court cannot finally determine, the Court may at any stage of the proceedings return the plaint to be presented to a Court having jurisdiction to determine the title.

(2) When the Court returns a plaint under sub-section (1), it shall comply with the provisions of the second paragraph of section 57 of the Code and make such order with respect to costs as it may deem just.

11. Where an order specified in section 588, clause (29), of the Code is made by the Court of Small Causes, an appeal therefrom shall lie to the Political Agent for Bundelkhand.

12. The Agent to the Governor General in Central India, for the purpose of satisfying himself that a decree or order made in any case decided by the Court of Small Causes is according to law, may call for the case and may pass with respect to any case so called for such order as he may think fit.

13. Save as provided by this Law, a decree or order made under the foregoing provisions of this Law by the Court of Small Causes shall be final.

CHAPTER V.

REVENUE DEPARTMENT.**A Dictionary of the Economic Products of India.**

By DR. GEO. WATT, C.I.E.,
Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first four volumes of this work are now ready for issue and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

REVENUE DEPARTMENT.**A Dictionary of the Economic Products of India.**

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first four volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and G in 534 pages; Volume IV, letters H to L in 643 pages. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary; and this, as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8a. per volume, and for England at R2-6 per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings, respectively, will be charged extra for the whole sets.

No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By Dr. Geo. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first four volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 55 royal pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and G in 534 pages; Volume IV, letters G to L in 643 pages. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary; and this, as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8s. per volume, and for England at Rs 2-6 per volume.

For copies bound in half calf or half morocco, Rs 6 and 8 shillings, respectively, will be charged extra for the whole sets.

* No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs 45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.**A Dictionary of the Economic Products of India.**

By Dr. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first four volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 550 royal pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and G in 534 pages; Volume IV, letters H to L in 643 pages. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary, and this, as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8s. per volume, and for England at Rs 6 per volume.

For copies bound in half calf or half morocco, Rs 6 and 8 shillings, respectively, will be charged extra for the whole sets.

*. No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs 45 in India, and 3 guineas in England, exclusive of packing and postage.

5. The Political Agent of the district in which a brewery is licensed, or any officer whom he may appoint for the purpose, shall be the officer of Excise in charge of the brewery, and a subordinate officer or officers may also be stationed at that brewery to check the outturn, issues, and receipts of fermented liquors, and to see that the provisions of the Excise Act and of these rules are duly complied with. Such subordinate officers shall be paid by Government at a rate or rates to be determined by the Chief Revenue Authority, and shall be appointed and removed by the Political Agent of the district.
6. Every brewer must provide suitable accommodation within the brewery for any Excise Officer or Officers who may be stationed at the brewery under the provisions of the preceding rule. The officer or officers thus appointed shall keep such accounts of the outturn, issues, receipts, and returns of fermented liquors, and of the Excise duty thereon payable, as may from time to time be prescribed by the Political Agent, subject to the approval of higher authority.
7. Every brewer must provide and maintain sufficient and just liquid Imperial measures and other necessary and reasonable appliances to enable the officers to take account of, or check by gauge or measure, all casks, jars, bottles, or other vessels issuing from the brewery, and must render all reasonable assistance to the officers in the gauging, measuring, or check of such vessels.
8. Issues of fermented liquor may only be made from a brewery between the hours of 7 A.M. and 7 P.M. between March 1st and October 31st, and between the hours of 8 A.M. and 6 P.M. between the 1st November and the last day of February.
9. No fermented liquor shall be issued from a brewery until it has paid duty at the rate leviable under the Indian Tariff Act, 1882, on like liquor imported by sea, except liquor merely transferred from one brewery to another under Rule 10 following, and malt liquor supplied to the Commissariat Department for issue to troops, which have been exempted by the Agent to the Governor-General's Notification No. 4774, dated 22nd July 1891. The approximate original specific gravity of the wort of all fermented liquor must be declared by the brewer before issue, and the Political Agent or officer in charge of the brewery may either accept such declaration or may cause the original gravity to be ascertained by test or analysis, and may take samples of the liquor not exceeding two quart bottles from each cask for the purpose. Samples thus taken shall be sealed by the Excise Officer and brewer before leaving the brewery, and the brewer in charge may, as of right, be present either in person or by agent at any examination or analysis that may be made.
10. Liquor issued from a licensed brewery merely for transmission to another licensed brewery may be allowed to travel in bond. The tap and bung-hole of each cask shall be sealed by the Excise Officer at the brewery. A declaration of the quantity of liquor thus forwarded, its original specific gravity, and its place of destination must be furnished to the officer in charge of the brewery, who will, if satisfied that the transfer is being made in good faith, grant to the brewer a pass to cover transport of the same, and forward a duplicate of the pass to the Collector or Political Agent of the district for which it is destined.
11. On payment of the prescribed duty, or, in the case of liquor exempted from duty by the Notification referred to in Rule 9, after satisfying himself that it is really intended to be supplied to the Commissariat Department for issue to troops, under a contract executed on or before 28th March 1890, the Political Agent or other officer in charge of the brewery shall grant a pass in the form annexed authorizing the brewer to remove and despatch from the brewery liquor intended for consumption. The agency or other destination of liquor thus removed must be declared before removal for specification in the pass, but the destination may be subsequently altered and the pass renewed by the officer in charge of the brewery for any sufficient reason. A duplicate of such original or renewed pass when granted shall be forwarded by the officer of Excise in charge of the brewery to the Political Agent or Collector of the district for which the liquor is destined.
12. The duty realized on fermented liquor returned unsold to the brewery of issue, or any brewery worked *bona fide* in the same interest, will be refunded, provided that original specific gravity of liquor thus returned be declared or be found to accord with the gravity recorded at the time of issue. In the event of a return being made to a brewery other than the brewery of issue, the brewer claiming a refund must produce a certificate as to the quantity and original specific gravity of the beer issued, and as to the payment of the duty thereon, from the Excise Officer in charge of the brewery of issue, with such other evidence as may be necessary to support the claim.
13. With the sanction of the Revenue Commissioner, payments and refunds of duty in any licensed brewery may be made by book credit in any account kept for the purpose by the Excise Officer in charge of, or the Excise Officer stationed at, the brewery, on the understanding that the account thus maintained be settled quarterly, and that any sum found to be due by the brewer be paid into the nearest Government Treasury within one week of the expiration of the quarter.
14. The following books must be kept in each brewery for inspection and verification by the Excise Officers of Government:—
 - (a) A book showing the quantity of fermented liquor manufactured and issued from the brewery, with a detail of the places to which liquor issued has been consigned and the names of the consignees.
 - (b) A book showing returns of fermented liquor made at the brewery, or receipts of liquor, whether imported or Baluchistan brewed, with a detail of the persons and places by whom and from which liquor has been returned or received. This book should show, in a separate column any imported beer received at the brewery on which duty has been paid at the port of landing and on which duty is not again chargeable under these Rules.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first four volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and H, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and G in 534 pages; Volume IV, letters G to L in 643 pages. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary; and this, as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India R30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 6a. per volume, and for England at R2-6 per volume.

For copies bound in half calf or half morocco, R6 and 8 shillings, respectively, will be charged extra for the whole sets.

* No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be R45 in India, and 3 guineas in England, exclusive of packing and postage.
